Organic Facial

Hydrating & Deep Cleaning

A powerful treatment for texturizing the skin, fruit extracts makes the skin clear, smooth and free from blemishes. It has been used in the treatment of scars and blemishes, restoring health and beauty to the skin. The herbal extracts not only help to heal and soothe the skin, but also aid the regeneration of new cells.

Skin Tightening Facial

Skin Tightening Treatment repairs the damage done by UV rays, pollution and stress. This treatment naturally heals skin, tightens its pores and slows its drainage. You feel an improved firmness and will be able to witness a marked reduction in the number of wrinkles & fine lines. This treatment will leave your looking visibly soft and luminous.

Anti Tan Facial

Though tanning and sunburns are a more common phenomenon during summers, your skin isn't really safe from UV rays on cloudy days either. People with fair skin should be extra cautious as fair skin is even more sensitive and susceptible to the UV rays. Anti-Tan treatment repairs the damage done by the above said factors. It lightens blemishes, removes dead cells and leaves your skin clear radiant. Effective herbs calm down irritated cells and form a protective layer that prevents further damage by UV rays.

Essential Facial

The normal facial comprising of Cleansing, Toning, Massage (manual), Mask and Protection (use of protective coverage) helps to maintain the youth and natural beauty of the skin. All areas of the face and neck are treated, according to specific needs. Different strokes, movements, directions and pressure are applied to different areas. It helps to improve blood circulation, induce relaxation and delay ageing. The products used for the normal facial have grown out of clinical usage over the last three decades and are ideal for protecting, preventing and enhancing beauty.

Teen Glow Facial Refreshing and Hydrating

Invigorating and refreshing, a teen facial promotes a clear, healthy, and glowing complexion.

Pearl Facial

Brightening & Anti Tan

Based on Ayurveda, the Pearl Facial uses products which contain powder of pearls. Research has revealed that pearls influence the transfer of melanin (natural pigment) to the skin surface, filtering the sun's rays and counteracting sun damage. Pearls also contain powerful nutritive elements, like amino acids, minerals and proteins, which strengthen the skin and improve its moisture retention ability. The facial gives way to a healthy radiant skin, with an even color tone.

Ayurvedic Ultrasonic Facial

Hydrating & Refreshing with plumpness

In the Ayurvedic Facial, fruit and vegetable juices are used along with other formulations. These are rich in vitamins, minerals and enzymes. The Ultrasonic gadget is used, by which a steady, direct miner current is utilized, to introduce these water soluble substances through the skin. It heightens the skin's capacity to absorb and improves the penetration of the products. It has a powerful nourishing and hydrating action on the skin, leaving it radiant and youthful. Fresh products like Potato Juice, Orange Juice, Apple Juice, Cucumber Juice and Honey used.

Chemotherapy/Radiation Therapy

This is an ideal choice for soothing and supporting the skin of those undergoing treatment for cancer. We offer many advanced daily care products that provide gentle, non-irritating cleansing; soothing; and strengthening benefits for stressed skin. Some specific product recommendations are **creamy cleanser, anti-redness serum, hydrating serum, brightening therapy with TrueTone, perfecting face & body hydrator SPF 30, après peel® soothing balm, ReBalance, silkcoat® balm and peptide lip therapy.**

Through good skin care, we can help these patients look and feel better. It is wise to select skin care products that do not contain synthetic fragrances, colors or other known sensitizers to avoid instigating any reactions. Peels should be avoided during the course of chemotherapy, except detox gel for acne breakouts/folliculitis. Cancer patients should consult their oncologist prior to beginning any new regimens.

Vitamin C Concentrate Treatment

Anti-Free Radicals Facial

A radical treatment for dryness and dehydration rich in the highest concentration of Vitamins A, E and D. An anti-free radical's treatment: Vitamin A works as the protector of the cells membrane preventing damage and nourishing, Vitamin E serves to regenerate and Vitamin D combats premature aging. CHEMICAL PEELS

Before

After

30 minute \$50 & 60 minute treatment \$75

For best results, recommends a series of 6"

Chemical peels are used to improve the skin's appearance by applying a chemical solution to the skin, causing the top layers of skin to separate and peel off. The new skin is smoother; less wrinkled, and may be more even in color. A thorough evaluation at a free anti-aging consultation will help determine what best meets your needs.

Glycolic- AHA peel

This AHA peel is the most popular of our chemical peels, as it is effectively treats acne, reduces wrinkles, and lightens hyper-pigmentation.

Lactic Peel

The Lactic Acid Peel is milder on skin than other peels, and well tolerated by most skin types including sensitive and rosacea skin. This peel removes the outer layers of thickened, damaged skin leaving a smoother and healthier appearance. Lactic Acid is also a natural humectants, bringing moisture back to the skin, and tightening up enlarged pores. Great for mature, dry and sensitive skin.

Retinol

This uniquely active formula contains significant concentrations of Vitamin A, combined with the resurfacing value of Lactic Acid. This combination allows for deeper exfoliation of surface dead skin cells, as well as a powerful decongestive mechanism for the accumulation of lipids and oils surrounding the glands and hair follicles. Vitamin A at this condensed level is known for its ability to stimulate and increase the production of healthy skin cells, thus visibly reducing the signs of aging and unwanted pigmentation. The visual change of the skin can be significant with this peel.

Pumpkin Peel

An AHA/Enzyme formula of Raw Pumpkin, Lactic Acid, Glycolic Acid, Salicylic Acid, White Willow Bark and Bisbol. The keratolytic ability of this peel weakens protein bonds that hold dead skin cells together. As these bonds are weakened, the dead cells can be shed from the surface, resulting in skin that appears smooth and radiant.

Enzyme /Coca/Fruit Peel

Enzyme /Coca/Fruit Peel gently and effectively exfoliate rough, flaky, congested skin by instantly removing dead skin cells, without irritation. These peels are the most gentle of all exfoliating treatments

Salicylic-BHA Peel

Salicylic acid is a gentle BHA derived from willow bark. It's long been used to treat skin conditions like acne. As a skin peel, salicylic acid can reverse the effects of aging, wiping away fine lines, wrinkles and blemishes. Salicylic acid clears pores to treat acne, and reduces oil production to stop acne from recurring. The Salicylic Peel is great for those seeking to rid themselves of chronic or recurrent acne, and enjoy clear, firm, brilliantly youthful skin.

Microdermabrasion Treatment

Before

After

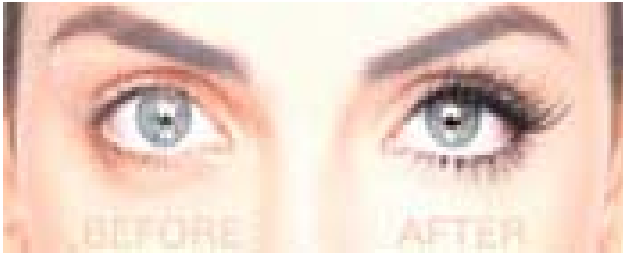

60 minute treatment with facial \$60 & 40 minute treatment without facial \$50

For best results, recommends a series of 6"

A microdermabrasion is a process that offers safe and controlled exfoliation of the skin. This procedure utilizes medical grade diamond dome wand, which are propelled at a high speed across the skin's surface to remove the outer layer of skin. At the same time, debris are vacuumed.. This technique is fast, relatively painless and results can be seen immediately.

It also creates blood flow to the surface of the skin, increasing oxygenation which encourages cell renewal. Recent studies have proven that it also stimulates the growth of new collagen. The treatment creates a flushing and cleansing effect below the skin's surface resulting in a vibrant, healthy appearance and complexion.
